

MALAYSIA CUSTOMS FORM

Exemption from customs duty and sales tax is not automatically granted to all arriving passengers but subject to compliance with the conditions applicable. Jetta Excess Baggage advise all Malaysian International students returning to Malaysia after their studies with used household effects (eg. electrical goods, camera, computer etc.) to complete the declaration form for Malaysian Customs Duty and Sales Tax exemption. Please ensure that the form is witnessed and stamped by the University/College. Also, a letter from the attending University/College should be obtained stating your duration of study in Australia and your course has completed.

Once the documentation has been completed the originals should be kept for the Malaysian Customs clearance in the home country.

Malaysian Customs Duty and Sales Tax Exemption Declaration Form Used household effects of any person transferring his residence to the federation of Malaysia
